*Speaking out is a way to exercise your rights and change the world. Just Harvest's monthly public action series, **Power of the Pen**, coordinates letter writing to those in power and to newspapers whose Letters section shape the public debate. This is a proven way to make progress on critical issues.*

President Trump's administration has proposed a new economic tool that would make measuring poverty in the U.S. even more inaccurate. It would lower the official poverty level by underestimating how much the cost of living goes up each year. Fewer people would be recognized by the government as living in poverty and thereby eligible for assistance programs like SNAP/food stamps, Medicaid, energy assistance, and school meals. It's a cruel gimmick to shirk responsibility for helping those in need.

All you need to bring is a willingness to share how this would affect you or your community.

A light meal will be served at 6:00, the meeting will start at 6:30.

Free parking is available on Terminal Way.
