FOR
\$15 to UNION

On April 15th, Pittsburghers are coming together to send a message to low wage employers: We want a family supporting wage of \$15 per hour and the right to form a union for everyone!

It's wrong when giant corporations like **UPMC** and **McDonald's** pay executives millions of dollars while front line workers earn poverty wages. To lift up our communities, we have to challenge corporations to respect workers' rights and raise the standard of living in Pittsburgh.

4/15 is the national day of action to turn low wage jobs into good jobs.

Come and make your voice heard.
